

FARO

MARINE SERVICES

PTY LTD

Est. 04/03/2000

OUR HISTORY

Faro Marine Services Pty Ltd, a South Australian owned and operated marine and cargo surveying company, was established in 2000, by Captain Aniello (Nello) Magliulo, with the aim to provide an independent professional service within the maritime industry.

This it achieved, and it has further developed over almost 20 years into a trusted, reliable, efficient organisation that values the knowledge and experience it holds but which is constantly learning and adapting to the needs and requirements of a changing industry.

Since inception the company has grown from strength to strength, not only servicing clients based locally and interstate but also internationally. For this reason, the company, although based in Adelaide, South Australia, can offer a full range of services to not only all ports and locations within South Australia, but also throughout Australia and abroad.

Sergio Mensitieri (son-in-law of Capt. Nello) has been with Faro Marine Services since February 2013 and was promoted to Operations Manager early in 2016.

Sergio has taken over as Principal and Director of Operations for Faro Marine Services effective 1st July 2019, with Captain Nello semi-retiring but providing ongoing service where required and support for the business in his role as expert marine consultant.

The business aims to maintain its strong family-based connections, with Paula Mensitieri (Capt. Nello's daughter) holding the Director of Business Services role as well as fully utilising Capt. Nello's extensive knowledge with more than 40 years in the industry.

OUR CULTURE

We are a small specialised team with extensive years of experience in the industry.

We offer wide-ranging maritime surveying services and can provide comprehensive, tailored solutions to suit our clients' needs.

We strive for excellence and have a proven record of providing a high level of service and conducting our business in a professional manner whilst offering very reasonable, competitive rates.

You always deal directly with the business operations team whom are contactable 24hours a day, 7 days a week.

OUR PROMISE

We will take the stress out of all shipping needs, doing preliminary groundwork from point of notification and taking care of your vessel as soon as it enters Australian waters.

We are committed to providing you with a high-level professional service, from co-ordinating all areas of marine surveying & consultation to a fast turnaround of reporting.

- Marine Surveyor Training (Cert IV accredited)

OUR TEAM

DIRECTOR/OPERATIONS MANAGER/MARINE SURVEYOR

Mr Sergio Mensitieri

Mr Mensitieri was born in Naples (Italy) from an extended family of Mariners. His own father sailed with the Italian Navy and served as a medical officer for passenger liners. His uncles sailed as Master Mariners primarily for Grimaldi Shipping.

Sergio and his family migrated to Australia in 1971, learning to speak both fluent English and Italian.

In 1998, Sergio completed a Bachelor of Education passing with Honours and over the years developed his teaching career finishing with Marcellin Technical College which aims to equip teenagers with a trade skill, focusing on teaching mathematics & physics.

Mr Mensitieri commenced employment as a surveyor for Faro Marine Services at the beginning of 2013 after finding a sincere interest in the marine industry. Particularly after having already accompanied and assisted on some inspections over the years with his father in law, Capt. Nello Magliulo.

By the end of 2014, Mr Mensitieri attained his Diploma in Marine Surveying from the Australasian Institute of Marine Surveyors. He also completed the DRY BULK UNIT giving him a specialisation in Grain Surveying and has been conducting Grain Surveys both at Anchorage and at Berth since January 2015. Mr Mensitieri is also an accredited authorised Officer for the Department of Agriculture having completed many hold inspections as an External AO.

Sergio received exclusive training from Capt Nello, performing a vast array of survey categories since his commencement of employment and, in February 2016, was promoted to Operations Manager, responsible for the majority of surveying work the company undertook.

On 1st July 2019 Sergio Mensitieri became Principal and co-Director of the company.

Memberships

AIMS – Member of Australasia Institute of Marine Surveyors

AIMS – Member Profile - Sergio Mensitieri

CCMS – Commercial Certified Marine Surveyor

BV – Bureau Veritas Inspector

DIRECTOR/BUSINESS MANAGER

Mrs Paula Mensitieri

After completing 2 years of Business Studies in 1986, Paula commenced her employment within the Marine Industry in charge of Client Services and Administration for SGS Australia Pty Ltd.

After several years, Paula moved into the Insurance Industry working her way to Account Executive which entailed travelling throughout South Australia servicing clients in Insurance, Risk Management and WHS Compliance.

Paula commenced working for Faro Marine Services as Executive Assistant in December 2016 and is now co-Director for the company overseeing the Business running, including marketing, finance, insurance & risk management, client liaison and administration.

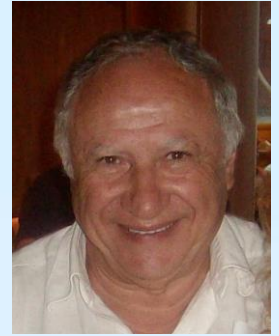

OUR TEAM (CONT'D)

FOUNDER/FREELANCE CONSULTANT

Captain Aniello (Nello) Magliulo

Obtained Master Mariner Class 1 (Foreign-Going) qualification in 1968. Subsequent to completing Nautical College in Naples (Italy), he served at sea from 1962 until 1974 on a wide variety of merchant vessels in worldwide trade, including general cargo, bulk carrier, refrigerated cargo, tanker, ro-ro and passenger liner.

Captain Magliulo migrated to Australia in 1974 and commenced employment with Societe Generale de Surveillance (SGS Australia - formerly General Superintendence Company) in Sydney in June 1975 as a Marine Surveyor. By the end of the same year, he had helped expand SGS Petroleum Services Australia-wide.

In August 1979, Captain Magliulo moved to Adelaide to set up a South Australian office, covering several senior management positions including State Manager. In 1987, Nello was a lecturer for the Redwood (Petroleum & Petrochemical) Division, conducting Training Courses. In 1988, he was appointed as International Shipping Co-ordinator and in 1994, the National Redwood Manager for SGS Australia.

In November 1996 Captain Magliulo joined ITS Caleb Brett as Marine Manager with the specific responsibility of P&I Surveys and Investigations.

In March 2000, Nello decided it was time to step out on his own and formed his very own company Faro Marine Services Pty Ltd, which he saw grow strength to strength. Over the years he expanded his business, training additional staff until 1st July 2019 when he passed the business onto Sergio Mensitieri, as part of his succession plan.

Captain Nello is only semi-retired and is remaining available as an expert consultant in the field and to perform P&I work when required.
